# MANNY CALAVERA MASK — 1:1 HOME A4 PRINTER CUTTING & TILING GUIDE

**CRITICAL PRINTER SETTING: Choose 'Actual Size' or 'Scale: 100%' in your PDF viewer! NEVER select 'Fit to Printable Area'!**

**HOW TO USE THIS A4 PDF TO CUT YOUR 150.0 x 35.5 cm FOAM / CARDBOARD SHEET PERFECTLY:**

1. Print pages at 100% Scale (A4 Landscape). Measure the '10.00 CM CALIBRATION BAR' at the bottom of Page 2 first to confirm 1:1 scale.
2. Each page has a 26.00 cm x 17.50 cm active frame with Red Crosshairs (+) at the corners. Trim along the right/bottom black border of one tile, align its Red Crosshairs (+) over the neighboring tile's crosshairs, and tape the paper sheets together.
3. Cut out the assembled paper template for each part (P1..P6), trace onto your 150.0 x 35.5 cm sheet using the layout map below, and cut!
